NOTE: La Harpe Christian Church is located in rural Northwest Illinois. We are located 2 hours from Lincoln Christian University. Despite our rural location and relative small size, we are passionate about reaching our community with the good news of Jesus Christ. We want to make disciples. The process of becoming a disciple is messy and unique to each individual, but we try to encourage natural growth by encouraging people in the following: Encounter God- We try to design our morning service to be a place where people meet Jesus, whether for the first time, or the millionth time. We would like our music to work towards that end.

Commit to His Word- We offer classes after the service, some are sermon based, others go through books of the Bible, but all are designed to encourage people to allow the word to sink in.

Equip for Service- We offer mid-week small groups to prepare people to serve, both within and outside the church.

Serve- We encourage people to serve, both within and outside the church. We encourage people to get involved at every level of church service. We also provide mission trip opportunities.

We have a good balance of seniors, middle aged, and young families that come to our church. Within the last couple years we've attracted several families to our church who have never been committed to a church. That's what we are passionate about. We believe an effective music ministry would really help maximize our potential to help people Encounter who God is.

We are looking for someone to plan and lead our Sunday Encounter service. Responsibilities will involve planning the service using Planning Center (or any other effective means), organizing and communicating with an existing multimedia team, communicating with the minister to accomplish a united theme (when possible), utilizing existing musicians, and building new talent when and if possible. Current volunteers spend a minimum of 10 hours on this current position. The hours that someone could dedicate to the position are limitless, but we expect someone to spend 10-15 hours a week. We've made strides to make planning and communication as easy as possible.

We will entertain any candidate who is interested in the position and can perform the responsibilities. We hope this will eventually evolve into a full-time position, but we can only offer part-time at the moment. For the time being, we envision someone who is currently a student who may be from our area and would like to have the freedom and financial support to return home on weekends, but we are open to anything.

ABOUT THE PERSON WE'RE SEEKING:

The Minister of Worship is chiefly responsible for:

- Organizing and leading our congregation's regular corporate worship gatherings
- Developing a culture of worship that is Christ-centered, biblically sound, creatively excellent, culturally relevant, and relationally focused.

Every member of GCC's ministry staff is responsible for:

- Embracing and supporting GCC's vision, mission, and essential beliefs
- Promoting unity and peace within the Body of Christ

The Minister of Worship should exemplify these traits:

- A minimum of 3 years' worship ministry experience in a local church setting
- A minimum of a bachelor's degree from an accredited Bible college
- Genuine love for the Lord and His people
- Demonstrated musical ability (solid vocal presence, and the ability to lead a band)
- Proven ability to lead, oversee, and equip both volunteers and paid staff (Ephesians 4:11-13 charges pastors not just with doing ministry, but equipping God's people to join us, so our goal is to raise up and train others who can lead, with or without us.)
- Experience in collaborating with others to plan and facilitate worship in a local church setting (Creativity and leadership are team sports.)
- Passion for and track record of shepherding and discipling a ministry team (More than assembling a tight band, we want to engage growing disciples in leading other growing disciples in worship.)
- Skill and experience with relevant technological tools (Planning Center, PraiseCharts, ProPresenter, etc.)
- Administrative ability and experience in recruiting, auditioning, and scheduling musicians for multiple services and venues
- Tact and diplomacy (We're a modern, future-focused church with a 155-year history, so it's important that we listen to, care for, and connect with multiple generations.)
